MERLE J. ECKLES

SUDDEN DEATH OF EX-SERVICE MAN SHOCKS SCHOOLMATES AND COMMUNITY

The community was inexpressibly shocked when the word went forth Wednesday afternoon that Merle Joseph Eckles, son of Dr. and Mrs. James E. Eckles, of this city, was dead. He had been in such apparent health but a few days before, it seemed incredible that death could have intervened. He passed away at 3:00 o'clock and the cause of his demise is a conundrum which may be solved by the autopsy which was held this morning. He had seemed to be perfectly well Saturday night except that he complained of being tired. At 2:00 o'clock in the morning he called his father who gave him treatment and thereafter he had the care of four physicians and two special nurses whose efforts were of no avail.

On the 21st of July he returned from army service overseas where he had been a motor mechanic connected with the aeroplane service for many months. He was discharged with the rank of Sergeant and would have received his commission in the air service but for the signing of the armistice. He was but twenty years of age, and was the oldest son of his parents. Great plans had been made for his future in which he was to take a medical course and become associated in practice with his father, to whom his death is like a bolt out of a clear sky. He returned from France in excellent health and spirits and found work which he followed until the fall term of the High School opened when he resumed his school work just where he left off as though he had never been absent. He was one of the most popular students in the school, as Principal Moyse phrased it, "a splendid fellow who was making a splendid record in school and who was much interested in the outside activities of the school." His death is a great blow to his fellow members on the football team in which he was a prominent and highly-valued unit, his work having contributed largely to the victories won.

Funeral services will be held at 2:00 o'clock Friday afternoon at the Jewel City Undertaking Parlors.

GLENDALE POST

AIMS AND OBJECTS OF AMERICAN LEGION CAREFULLY SET FORTH IN CONSTITUTION

Members of the Glendale Post of the American Legion have attached their signatures to the application for a charter and forwarded it to Sacramento. They expect the charter to come back very soon but hardly in time for the meeting this week. The organization now has an enrollment of one hundred and expects to reach three hundred.

Meetings will probably be held every two weeks but the Post rooms will be open every night for the members to use for reading or recreation.

While the American Legion expects to be a force for good in the politics of the country it has no intention of entering partisan politics. Its chief concern will be to serve the interests of its ex-soldier members. The Los Angeles Post has already taken over the work of the War Replacement Bureau which had its headquarters in the City Hall Annex. In the course of existence the Bureau had secured employment for 12,000 returned soldiers and sailors in Los Angeles.

On the 11th of this month the National Convention of the American Legion which has an enrollment at the present time of 1,500,000 will be held in St. Louis, when many National questions and issues will be presented. Several bills inspired by the American Legion are now before Congress.

That Glendalians may have a clear idea of the nature and object of the Post, the following extracts from its constitution are made:

"The object of this institution shall be:

"To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one-hundred-per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and Nation; to combat the autocracy of both the classes and the masses; to make Right the Master of Might; to promote peace and good-will on earth; to safeguard and transmit to posterity the principles of justice and freedom and democracy; to conse-

FROM TENNESSEE

FORMER RESIDENTS OF VOLUNTEER STATE MEET FOR REUNION ON ACACIA AVE.

A reunion of former Tennesseeans was held at the home of Mrs. Ed. Alexander, on West Acacia avenue, yesterday, at which an old home community dinner was enjoyed by twenty-eight participants.

Recent arrivals from the Volunteer State met and mingled with former neighbors and townspeople, exchanged reminiscences and retold half-forgotten incidents which made the occasion extremely enjoyable. Dinner was served at noon in the shelter of an immense pepper tree whose delightful shade tempered and softened the brilliant sunshine, and consisted in the main of those dishes dear to the palate of the Southerner, and in quantities sufficient to assure one of the fact that Southern hospitality is not a mere tradition but an actual reality. Attractive baskets of California luscious fruit, so plentiful just now, and bowls of the brilliant scarlet geranium, ferns and various shades of chrysanthemums so suggestive of the autumnal season gave pleasing touches of beauty to the long table improvised for the occasion.

Under the skillful direction of the hostess, Mrs. Ed. Alexander, any semblance of formality or restraint which might have existed was immediately obliterated and the guests were unanimous in voting the affair a complete success.

Among those present were: Mr. and Mrs. W. W. Alexander, Mr. and Mrs. W. S. Miller, Mr. and Mrs. J. D. Stewart, Mr. and Mrs. R. L. Milligen, Mr. and Mrs. Hearn Robinson, Mrs. George Friedgen, Mrs. N. T. Hatcher, Mrs. Joseph Griffin, Mrs. W. L. Alexander, Mrs. Ed. Alexander, Misses Helen Hartwig, Doris Alexander, Mayme Stewart, Juanita Alexander and Loraine Hatcher and Masters Paul Stewart, G. E. and Lester Alexander, Orbie Hatcher, Teddy Robinson, Jim, Jack and Dan Griffin.

PATRIOTIC ELKS

ALBERT D. PEARCE APPOINTED CHAIRMAN TO ORGANIZE THRIFT STAMP CAMPAIGN

Attorney Albert D. Pearce has a good-sized job laid out for him by the government. In association with Mr. Melsing, of Los Angeles, he has been made director of the Southern California district for the sale of thrift stamps and the reorganization of committees for the campaign which will be on between now and January 1, 1920.

The Elks showed such patriotic spirit during the war that their lodges, local, state and national, have been asked to organize again on a thrift stamp basis and to put over this special drive. This week Mr. Pearce and his associate have visited Long Beach, San Pedro, Pasadena and Pomona lodges all of which have appointed live committees. Each one has, by resolution, showed its earnestness in the work and each has subscribed for a thousand-dollar certificate. Tonight Mr. Pearce will visit Santa Monica lodge. He says it is splendid the way the lodges are taking hold. The thought is to get the Elks behind the movement to induce people to purchase thrift stamps. The work of the committees appointed by the lodges will not be confined to Elks alone. They will persuade other organizations to co-operate with them in the movement and will act as a leaven in the community to promote investments of this sort.

Mr. Pearce and Mr. Melsing have not yet made their official visit to the Glendale lodge. That will take place next Monday night, but he says he has no concern about it as he can always depend on Glendale Elks to do the right and patriotic thing. There are seventeen lodges to be visited in this district, so it will be seen the task assigned these men is one of some magnitude and importance to the government. Mr. Pearce is leaving Friday night for San Francisco to attend a conference of the State Executive Board and the State Association which is called for Saturday night.

CHAPTER A. H. OF THE P. E. O.

Chapter A. H. of the P. E. O. met Tuesday at the home of Mrs. Leigh Bancroft on Brand boulevard. Luncheon was served at noon and members worked on the Christmas box they are preparing to send to the French baby the organization adopted. Following the luncheon and a brief business session Mrs. Clare T. Van Etten read a paper on Rosa Bonheur, the French animal painter.

STRIKE SITUATION DEAD-LOCKED

OPERATORS DEMAND WITHDRAWAL OF STRIKE ORDER, STRIKERS OF INJUNCTION BEFORE NEGOTIATIONS CAN BEGIN

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 6.—With the coal strike situation practically dead-locked, Assistant Attorney General Ames announced the government will urge that Judge Anderson of Indianapolis who issued the strike injunction, order the mine workers' officers to withdraw the strike order entirely.

Meanwhile the railroads are reporting a reduction of their schedules to a minimum and orders for coal are pouring in to the Railway Administration offices from factories, schools, and state and city governments, indicating that the first pinch of the strike is being felt. The government made no further moves toward mediation today and the operators reiterated that they are willing to negotiate when the strike order is withdrawn, the strikers answering with a reiteration of their statement that they will not negotiate until the injunction is vacated.

HITCHCOCK TO CONFER WITH PRESIDENT

INTERPRETED AS AN INDICATION THAT FINAL ACTION IN THE SENATE ON TREATY IS NEAR

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 6.—Secretary Tumulty announced today that Senator Hitchcock, administration leader, will confer with the president within the next two days on the final disposition of the peace treaty. The announcement is taken as an added indication that final action in the senate is near.

MORE PEACE CONFERENCES

ENGLAND TO ASK PEACE COUNCIL TO CALL SECOND SESSION IN LONDON TO SETTLE TURKISH QUESTION

(Special Service to Glendale Evening News)

LONDON, Nov. 6.—American circles here understand that England is planning to ask the Peace Council to call a second session of the Peace Conference to meet in London and settle the Turkish question.

RECONSTRUCTION LEGISLATION

TO BE POSTPONED UNTIL NEXT SESSION OF CONGRESS CONVENES DECEMBER FIRST

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 6.—Senate leaders have definitely decided that they will not attempt to pass any reconstruction legislation before the present session of congress adjourns. They hope to finish the peace treaty next week and then return home for a two weeks' vacation before the regular session convenes December 1st. This means that such questions as the tariff readjustment, railway reorganization and peace-time military policies must go over to the next session.

The prohibitionists have started a movement to prevent the president from lifting the war-time prohibition ban if the peace treaty is ratified. With Congressman Randall of California as their leader the "drys" will present a measure extending war-time prohibition until six months after the proclamation of peace.

"MONEY-MADE AGE" IS SCORED

BROOKLYN RECTOR DECLARES "SO-CALLED PROSPERITY IS SUCKING BLOOD OF EVERY ONE IT TOUCHES."

(Special Service to Glendale Evening News)

NEW YORK, Nov. 6.—The Rev. Duncan Genns, rector of St. Thomas Church, Brooklyn, issued an appeal today attacking the present "money-made age." He declared: "There are many churches in this diocese which have millionaires in their membership who believe their duties end when they give $10 when asked." He added:

"The present so-called prosperity is sucking the blood of every one it touches. People are living on luxuries and not on necessities."

CRIMINAL SYNDICALISM

FIRST CASE UNDER NEW LAW OPENS IN OAKLAND AND IS ATTRACTING WIDE ATTENTION

(Special Service to Glendale Evening News)

OAKLAND, Cal., Nov. 6.—The first case under the criminal syndicalism law was started in the superior court here today when James McHugo went on trial under the syndicalism act. It was specifically alleged that he had I. W. W. literature in his possession. Experts on radical questions from many parts of the country will testify. The defense will contend that the possession of such literature is not a crime.

The disposition of approximately fifty other cases depends on the outcome of this trial. It is important on account of the fight labor organizations are making against the law.

LOOKING FOR OIL

FOSTER & JONES SEEKING LEASES ON LAND IN SYCAMORE CANYON FROM OWNERS

Foster & Jones, said to be residents of Glendale and members of the N. P. Banks Post, G. A. R., have formed a partnership for the purpose of developing oil in Sycamore Canyon provided they can secure leases from property owners which will give them complete control of the canyon. Those wise in such matters say that a zone of oil deposits can be traced from Newhall to Los Angeles and it is the belief of these gentlemen that Sycamore Canyon is the zone. George W. Sanford of 692 Sycamore Canyon Road states that as a return for the leases if granted Foster & Jones agree to give the land owners one-eighth of the production if oil is struck and to be to all the expense of sinking the wells and otherwise developing them. The owners are to be in no way disturbed in their tenancy or the use of the land for agricultural purposes. If water instead of oil is tapped, the ranchers are to have that. Mr. Sanford has agreed to give a lease of his property and says the McNutts and Browns have done likewise. It costs them nothing and they stand a chance of receiving valuable returns either in oil or water.

CONDITIONS IN NORTH

THE FRANK CHAMBERS FAMILY RETURNS AFTER THREE MONTHS IN NORTH

Mr. and Mrs. Frank W. Chambers and three children have returned from a three months' visit in Seattle and British Columbia. They went by boat to Seattle and returned from that city by train making the trip north from there by auto. Their visit in British Columbia was in the Okanagan Valley which is a great fruit-raising section. More fruit was produced here this year than the packing houses could handle. The valley has an altitude of about 1150 feet and is very productive, the farmers raising everything they need in the way of food products except tea and coffee, sugar and flour, for it is not a wheat-raising district. While there they saw the Prince of Wales at close range. He seemed, Mrs. Chambers reports, like a real nice boy you couldn't help but like, democratic in his ways and unaffected in manners. He addressed all the soldiers who had been in service, speaking to each one personally and inquiring about the scene of his service, telling where he was at that time. One of Mrs. Chambers' little girls refused to believe that she had beheld the prince because she had seen no one wearing a long velvet robe or plumes on his hat like the princes shown in the illustrations to fairy tales.

Seattle, where Mrs. Chambers' mother lives, is thriving wonderfully, she says, and is becoming a great seaport. The shipping brings many people there. Living costs are higher than here. The vegetables excited her enthusiasm. She never before saw anything like them. The great bulk of them are imported from Alaska where the season is short but hot and they are wonderfully tender and of fine flavor. Houses are being built there faster than materials can be secured to complete them notwithstanding the nearness of Seattle to lumbering centers.

In spite of her enjoyment of the visit and the many interesting things she saw she is more pleased than ever with Glendale and is delighted to get home.

READING CIRCLE MEETS

The regular weekly meeting of the Mutual Benefit Reading Circle was held at the residence of Mrs. Chas. Toll.

Miss Noble of the City Teachers' Club outlined the University Lecture Course to be given during the winter by the Teachers' Club. This is a purely educational work and means a real treat for Glendale. The first meeting is Nov. 18th and there will be five evenings in all.

Mrs. W. Stofft was elected treasurer of the Reading Circle to fill the vacancy made by Mrs. Sherman's resignation. Mrs. Harry Duey was elected auditor.

Reading of the book "For Girls and Mothers of Girls" was completed today. Next week the work will be taken from Helen J. Campbell's book, "Practical Motherhood."

WEATHER FORECAST: Fair tonight and Friday. No important change in temperatures.

NEW BUSINESS BLOCK

KENT & SON TO BUILD BRICK AND TILE STRUCTURE FOR L. RICHBART ON HARVARD

Charles Kent & Son have taken the contract for a new business building on Harvard street just west of the one-story block occupied by the Dodge Agency. The owner of the property who is letting the contract is L. Richbart, of Los Angeles. It is to be occupied by the Exide Battery Agency which is anxious to get into "Automobile Row." The structure will have floor dimensions of 40 by 74 feet and will be one story of brick and tile. Its estimated cost is $4000.

NEW OLSON HOUSE

Philip A. Olson and family are moving into the beautiful new home which Kent & Son have been building for them at the corner of Maryland and Lexington Drive. Its wealth of windows and the convenient disposition of its seven rooms make it unusually attractive. Mr. Olson says he has tried to avoid the defects of the houses he has occupied in the past and was determined at the start to have plenty of windows.

CERRITOS VICTORY

WINS IN SOCCER BALL GAME WITH EAGLE ROCK WITH SCORE OF 4 TO 2

The soccer ball teams of Cerritos and Eagle Rock Schools met on the Cerritos field Wednesday afternoon and played a lively game which ended in a score of 4 to 2 in favor of the Cerritos boys in spite of the fact that they average several sizes smaller than the Eagle Rock boys. The visiting team was accompanied by quite a large delegation of rooters.

The Cerritos score was all made in the first half of the game. Glenn Roberts kicked two goals, the first one within the first half minute of play. Charles Boring kicked one goal and Joseph Eyraud kicked one.

The local team was handicapped in the second half because one of the players had to leave compelling the team to finish the game with ten men instead of eleven. During this half Eagle Rock scored two points.

MILLINERY COURSES

So great is the demand for millinery courses in the Pasadena Evening High School that it has been necessary to add three afternoon classes to accommodate the maids and matrons who wish to learn how to manufacture their own hats or to take up the work as an occupation.

NEW SCOUT TROOP

ORGANIZE WITH MUCH ENTHUSIASM UNDER AUSPICES OF KNIGHTS OF COLUMBUS

A new Boy Scout troop was organized Wednesday night at Old Eagle Hall on East Broadway, under the auspices of the Knights of Columbus. About thirty boys were present and the meeting was conducted by Acting Scout Executive E. E. Harwood.

The chief address was made by Scout Miles of New York, who is a visitor in Southern California. He dwelt on the Scout oath and Scout laws and reviewed Boy Scout work in the east. He also told of a 200-mile hike by New York Scouts up into Canada where they were entertained by Canadian Scouts at one of their week-end camps.

Scout Leader Robert Searle of the Tropico Troop told of classes in Scout music—bugling, fife and drum, which have been organized at Normal Hill Center, Los Angeles, under professional musicians, and which are open to any Scout who wishes to take the training. He also described the three classes of Scout work for the benefit of the boys just organizing.

Scout Benjamin Robinson of Troop 2 discussed the earning of merit badges of which he has seventeen.

Glen Roberts of the Tropico Troop demonstrated the use of flags in semaphore signaling.

James Mullen is taking an active interest in the new troop and associated with him are Mr. Henry and Mr. Monahan. They and several other members of the Knights of Columbus were present. The boys are much pleased with the fine start the new troop is having. Its name has not yet been selected. The troop will be taken for a hike on Sunday by Mr. Harwood, and later Mr. Mullen will lead it in a hike.

GORE AMENDMENT REJECTED

SENATE VOTES SIXTEEN TO THIRTY-SEVEN AGAINST REFERENDUM ON WAR UNDER LEAGUE OF NATIONS

(Special Service to Glendale Evening News)

WASHINGTON, Nov. 6.—The Senate today rejected the Gore amendment to the peace treaty by a vote of 16 to 37. The amendment provided for a referendum of all declarations of war under the league of nations.

EXPLOSION IN POWDER PLANT

STROKE OF LIGHTNING THE CAUSE OF FATALITIES AND PROPERTY DAMAGE

(Special Service to Glendale Evening News)

BELLEVILLE, Ill., Nov. 6.—Two persons were killed, one was injured and heavy property damage was done as a result of an explosion in the Allen Powder plant seven miles west of here early today. Lightning struck the plant and caused the explosion.

WHY LIFE IS WORTH LIVING

The old Arab who refused to have an operation to restore his eyesight, on the ground that he had seen so much of the world he was tired of it, ought to have lived in this day and age. For, verily, there is something new to be seen. Who among us does not want to live a few years longer, just to see what comes out of the tangled conditions that exist today?

Pick up any copy of any newspaper and glance at the headlines. A dozen wars going on, a thousand complications in affairs of men and nations, a million strange situations into which the race has fallen. So much money in the world it is a burden to carry it around, it seems; a market basket full of money for a market basket full of vegetables—that is the current price of foodstuffs—with everybody complaining. And yet the ships bringing in millions of dollars worth of diamonds, the shops filled to the ceiling with luxuries, the streets and roads jammed with pleasure cars—and folks refusing to work for less than a dollar an hour. Verily it is a strange condition, and it is going to be worth all the suffering it costs to live on, just to see the finish.

We used to imagine that if we were old and disabled and had never a penny in the world and suffered from all manner of physical infirmities, we would pray to be taken away, to obtain eternal relief from all. But we have changed our mind in regard to it; we want to live, however burdensome life may become; indeed, it occurs to us that we would be willing to undergo all manner of physical torments a few years longer, out of sheer curiosity. We are that much interested in how the world is finally going to straighten itself out—for we are optimistic enough to believe that it will straighten itself out. —Exchange.

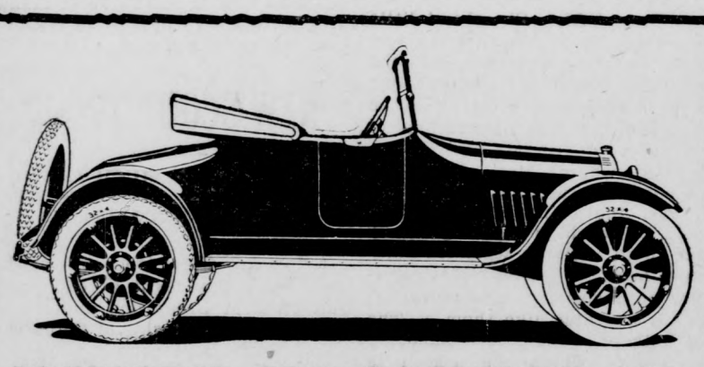
Another reason for high prices is that too many of us have Packard appetites and 4d incomes.

Men call D'Annunzio a patriot because he took Fiume. When an American citizen uses similar methods to annex a set of silver, we call him a thief.

Wishing to reform the typical American newspaper, which he finds "essentially provincial and made up with a view to pleasing frivolous readers," a writer in a weekly periodical addresses serious advice to its subscribers in their capacity as members of the newspaper-reading public. "The reform," he says, "must begin with you, the readers. You must first of all recognize your own frivolous and provincial tastes and resolve that you will seek and be interested in larger things than you now desire. When you come to the point of being dissatisfied with the daily food your newspaper sets before you, let both the editor and the publisher know it." Taken in conjunction with the writer's opinion that "the chances are that when you lay down the paper you have not read one word about anything that happened yesterday fifty miles away from your home, except in the field of sports," he seems to have rather an amazing confidence that the "frivolous public" may perhaps take him seriously and set about following his directions.——C. S. Monitor.

A government by conference might do as well as any other if the conferees had any way to force their opinions on the public.

No doubt the old-fashioned European statesman thinks of a republic in terms of rag-chewing.



PREFERRED FOR ITS SERVICE AND ITS THRIFT

While the Oakland Sensible Six is moderately priced, this able and economical car cannot be put in any definite price class.

There are, for example, many Oakland owners who could well afford a more expensive automobile had their good judgment prompted the purchase of a costlier car.

They selected the Oakland Sensible Six because of the unfailing service that it renders and the constant savings in operating costs that it effects.

How practical and satisfactory is the lightweight principle of construction, as pioneered and developed in the Oakland Sensible Six is best evidenced by the fact that Oakland owners regularly report returns of from 18 to 25 miles from the gallon of gasoline and from 8,000 to12,000 miles on tires.

Personals

Dr. Bronson, professor in the Garrett Biblical Institute at Chicago, is in Glendale as the guest of Dr. Warner of Kenwood street.

Alfred F. Priest of 1422 North Central avenue leaves today at noon for Ventura to be absent the remainder of the week.

Mrs. R. G. Schaffner, of San Diego, is the guest this week of her parents, Elder and Mrs. W. F. Martin, of 311 North Jackson street.

Mrs. W. F. Hartwig of 126 West Acacia avenue returned Wednesday night at 5:30 o'clock from a very pleasant visit in the east.

Max Green of the Oakland Auto Agency was summoned to serve as a juror in the Superior Court over which Judge Myers presides in Department 11. He appeared Monday and on presenting good reasons was excused.

Mr. and Mrs. Farbar and their son from Montreal, Canada, came to Glendale on the 21st of last month and they were all so charmed with the climate and the appearance of our little city that they decided at once to locate here and the next day bought the bungalow, No. 219 East Palmer avenue. They say that they can't realize that this is late fall. It seems more like summer to them. They will be warmly welcomed in our community.

Rev. A. H. De Long of St. Joseph, Mo., superintendent of that district for the Methodist Church, is spending the winter in Glendale. He is an uncle of Mrs. E. C. Turner and brother of Rev. A. P. De Long, who gave such fine talks in the First Methodist Church of this city last June while visiting his daughter, Mrs. Turner. Rev. A. H. De Long is so greatly charmed with this country that he may decide to engage in some business here. He is the author of several works on Methodism and is now writing another.

Mrs. A. J. Chappius of 606 East Acacia avenue, with her little daughter, Dorothy, returned from a two months' stay in the east with friends and relatives. Most of the time they were absent was spent in St. Louis, the old home of Mrs. Chappius, which she had not visited for sixteen years. She reports that it looked natural to her except for its expansion. The population has increased wonderfully and beautiful new residential sections have been added. The city has always been known for its beautiful homes and within the past few years restricted districts have been made which are like parks which commercial traffic is not allowed to enter. Here the millionaires have their homes. The public is allowed to drive through in automobiles but trade is excluded.

One of the places visited while there which was of special interest to Mrs. Chappius and her daughter was Shaw's Gardens.

FATAL AUTO ACCIDENT

AUTO TOURISTS FROM EAST CRASH INTO STATIONARY FORD; TRAGIC RESULTS

Another terrible automobile accident has occurred within the environs of Glendale in which life has been sacrificed. The details have been given by L. G. Scovern, who was called to bring his ambulance and convey the injured to the Glendale Sanitarium. From his account it appears the disaster took place about 8:00 o'clock Wednesday evening near Montrose. It involved Mr. and Mrs. H. Poirier, who came to California from the east and had engaged quarters for the winter at the Frontenac at 228 South Grand avenue. With them was A. Mallette, of 245 South Grand avenue. They were driving in a new car and coming towards Glendale. They were about a mile this side of Montrose opposite the Sparr Fruit Ranch, when they ran into a Ford machine which was stationary at the side of the road and which carried no lights. It had been vacated by its occupants, a man and a woman, who showed some signs of intoxication. The two machines piled up in a heap and all the occupants of the new car were injured. On reaching the Sanitarium it was found that Mrs. Poirier's neck was broken and she died in a short time. Her husband was also injured about the head, legs and arms. Mr. Mallette suffered a sprained ankle and severe bruises. Neither of the two men was seriously hurt.

The scene of the accident was visited by Captain Lawrence and Officer Collins of the Glendale Police Department in response to a call from Charles Green, a deputy sheriff on the Sparr Ranch. It was found that the Ford car was registered as the property of Mrs. Nellie Pace of R. F. D. Box 14, West Olive street, Compton, and that it was being driven by Mr. Pace. The man and woman were placed under arrest and taken to the office of the County Sheriff in Los Angeles. The inquest upon the body of Mrs. Henry Poirier will be held at 10 o'clock Saturday morning at the Scovern Undertaking Parlors.

MASONIC NOTICE

On account of the Armistice Day celebration Unity Lodge, No. 368, F. and A. M., will not convene next Tuesday evening, but will confer the First and Second Degrees Saturday evening, Nov. 15th, at 7 p. m. A. W. Tower, Sec.; R. W. Masters, W. M.

WHERE THE MONEY IS TO GO

The proceeds of the proposed $260,000 bond issue will be used only for the purposes here stated, which are more particularly described in a statement issued by the Board of Trustees a few weeks ago and generally circulated. No part of said proceeds can or will be used to pay any indebtedness of the Public Service Department, and all rumors to the contrary are and will be unfounded. The indebtedness of the Department is being taken care of out of its income. Any one desiring further information as to the finances of the Department can obtain same by referring to said statement, or to previously published statements of the Board regarding same.

GRAMMAR SCHOOL BALL GAMES

Several interesting soccer ball games took place in Glendale Wednesday between school teams in the local league. One of these was between Intermediate Angels and the Central Avenue School team and was played on the Central Avenue field. The score was 2 to 4 in favor of the Angels.

On the Pacific Avenue field the Pacific Avenue and Colorado team played with a score of 7 to nothing in favor of the Pacific team which has developed great strength and pep. Seven goals were kicked by its players—the largest score thus far made by any league team. Good work was done by Charles Beamon on the Colorado team, but the other members of the team seemed to become completely demoralized and did not do as well as they might, so onlookers say.

The Broadway team and Cerritos Avenue second team played on the Colorado grounds with a score of one to nothing in favor of Broadway.

A contest of special interest was the game between Intermediate's first team and Glendale High freshmen, which was played on the Intermediate grounds. Boys who did exceptionally fine work on the Intermediate team were: Leslie Lavalle, William Morgan, Theodore Haig, the last-named taking a goal from a penalty kick. High School boys who distinguished themselves were: Horatio Butts, Tom Morgan, Paul Morgan, and last, but not least, Paul Edmonds, who kicked a High School goal from a corner kick through to goal. The score was one to one.

Mr. Blanford announces that the teams which win pennants in the grammar school contests will have two important games to play, one with Eagle Rock's second team, the other with Intermediate's first team.

NEW RESIDENTS

DOCTORS P. M. AND FLORENCE KELLER PURCHASE PROPERTY AT 311 NORTH JACKSON

Dr. P. M. Keller and his wife, Dr. Florence Keller, who came to Glendale about a week ago from Auckland, New Zealand, have bought property at 311 North Jackson St., formerly owned by the Arnetts, that family which had the patriotic distinction of sending five sons to service in army and navy and the good fortune to receive them all back whole and sound physically. The Kellers are now occupying the property and with them are Elder W. F. Martin and his wife, who is a sister of Dr. Florence Keller. Elder Martin, like the Kellers, has recently come to Glendale. He is a general conference worker and has offices with the Pacific Union Conference. Dr. P. M. Keller will be connected with the teaching staff of the White Memorial Hospital and his wife will establish a local practice here. During her residence in New Zealand she was one of the most prominent women in the island. A member of the Colonial Hospital Board she was the first woman elected to public office in that country in which she lived for twenty years. She is a fine lecturer and has been prominent in temperance work.

MCRAES GO EAST

MR. McRAE AS DELEGATE TO INTERNATIONAL CONVENTION OF THE Y. M. C. A.

Mr. and Mrs. W. D. McRae of 634 North Kenwood will leave Saturday on the California Limited for an extensive eastern trip. Their first stop will be at Colorado Springs where they will visit a cousin of Mr. McRae, whom he has not seen for twenty-seven years. The balance of the itinerary includes Chicago, Grand Rapids, Olivet College, Detroit, Montreal, New York, Newark, N. J., Philadelphia, Washington and New Orleans.

Mr. McRae goes as a representative of the State Executive Committee of the Y. M. C. A. to the International Convention which is to be held at Detroit on the 19th of November. He will also attend the conference of State Secretaries of the Y. M. C. A. at Battle Creek, Mich., on the 16th and 17th.

Speaking of the convention, Mr. McRae said: "As this is the first International Convention following the world war it is generally agreed it will be one of the most historic. Undoubtedly the attendance will break all records because of the unusual interest in the association growing out of the broader knowledge of its work as a result of its war activities.

"At Buffalo, in 1904, there were only a dozen of us county workers. The forecast now is that at least five hundred county men will be at Detroit."

REGISTRATION OF MINORS

The last Legislature passed an act requiring the enumeration of all males born on or after November 1, 1898, and all females born on or after November 1, 1901. This census or enumeration, is to be taken during the month of November, 1919.

The person taking the census is appointed by the school authorities and is called a Registrar of Minors. It is the duty of this registrar to visit every home in the district and to gather the following information:

The name of the family; the nativity (country of birth) of the father, the mother, and the minor children; the sex of the minor children; the race; date of birth—month, date, year; the age at last birthday; the occupation, if the minor is working; the name of the school which the minor attends, if he is attending school; the name of the employer, if he is working; the address of the school, if he is attending a private school; the address of the employer, if he is working; the grade he is in school; the statement as to whether the minor is crippled, blind, deaf or dumb.

The purpose is to assist in giving better educational opportunities to those who are employed, and also to those who, because of one or more of the afflictions mentioned above, are unable to secure an education in the regular schools provided for their more fortunae fellows.

By being prepared to give this information to the registrar when he or she calls, you will render a service to the school authorities, and at the same time make the work easier for the registrar. By speaking to your neighbors about this and asking them to comply with the request of the registrar for information, you will do a further service.

A dispatch from Illinois says a cow was eating under a haystack when it fell on her and buried her, and she lived and ate her way out in fourteen days, without water. It will take us at least that long to swallow the story, even with water, and perhaps a little salt besides.

GLENDALE POST

crate and sanctify our comradeship by our devotion to mutual helpfulness.

"While requiring that every member of the organization perform his full duty as a citizen according to his own conscience and understanding, the organization shall be absolutely non-partisan and shall not be used for the dissemination of partisan principles or for the promotion of the candidacy of any person seeking public office or preferment.

"All persons shall be eligible to membership in this organization who were in the military or naval service of the United States during the period between April 6, 1917, and November 11, 1918, both dates inclusive, also all persons who served in the military or naval service of any of the governments associated with the United States during the World War, provided that they were citizens of the United States at the time of their enlistment and who are again citizens at the time of application except those persons separated from the service under terms amounting to dishonorable discharge and except also those persons who refused to perform their military duties on the ground of conscientious objection. Non-residents of this city or state otherwise eligible may be admitted to membership on the same basis as residents.

BOLSHEVIKI IN ENGLAND

It is now definitely established that the Bolsheviki on the continent have a very well organized system of sending their agents to Great Britain for the purpose of bringing in money and propaganda literature, details of which are now being furnished from time to time by the authorities, says the London correspondent of the Christian Science Monitor.

The international courier system of the Bolsheviki is under the control of a woman named Angelica Balabanoff, a Russian who herself chiefly works between Berne, Stockholm, Berlin and Moscow. She has never been to England as far as is known.

One of the ways in which the Bolsheviki send their agents to Great Britain is to stow them away in foreign vessels coming to England, and the crews of these ships receive a certain sum of money for each man they succeed in getting into this country. The Bolsheviki are ready to use any people for the purpose of bringing papers here. Recently some eleven foreign Jews were stowed away upon a Dutch steamer. They were men who would not have been granted passports in the ordinary way, and although they are not suspected of being Bolsheviki it is known that a society in Holland paid 5 lb. per head to the crews of the ships in which the men were stowed away. Eleven of the stowaways were caught in the East End of London, and were deported.

LA CRESCENTA

The Hallowe'en party given by the La Crescenta Woman's Club last Friday was a most delightful affair. A few songs were given by various members of the Club, and a very pretty little toe-dance by the Merton girls from Los Angeles was loudly applauded. The shadow show and dwarf dance were two other enjoyable features of the evening. After the program, those in costume participated in the grand march and a flashlight picture was taken. Refreshments were served and games enjoyed by all.

Miss Gaidria Harrah, who has been living in Los Angeles, is now living with her aunt, Miss Clara Jones, and is attending school in Glendale.

Mrs. B. F. Miller took three first prizes, three second prizes, and one third, at the Los Angeles Live Stock Show with her goats. Mrs. Miller has just returned from a week's stay in San Diego, and has brought back two pure-bred Anglo Nubian goats from Dr. Greeg, who imported the first Nubian into this country.

The real estate office on Michigan avenue has been rented as a temporary home by a lady from the east.

Z. M. Escalle, who recently sold his Michigan avenue home, has bought his brother's place on the north side of Michigan.

Mr. and Mrs. Singleton, of Los Angeles, have bought the Ydrogo place on Honolulu avenue, and are building a small home. Mr. Singleton is a watchmaker in Los Angeles.

Mr. Vinlleumier is remodeling Mrs. Griffin's home on Los Angeles avenue into a two-story house.

Mrs. Erhardt's sister, Mrs. Wright, and her husband, are expected to arrive from the east soon. They are planning to build a home in La Crescenta.

Mrs. Miller wishes to announce that if the people do not patronize the library more than they have in the past, it may be taken away from us. Get busy and patronize this library for your own benefit.
